**LADIES! LOOK YOUNG, DARKEN GRAY HAIR**

Use the Old-time Sage Tea and Sulphur and Nobody Will know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyneth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyneth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## NAVAL RECRUITING STATION COMING

Columbus Will Get Permanent Naval Recruiting Sub-Station.

Mr. H. Price, chief commissary steward of the United States Navy with headquarters in West Point, was in Columbus yesterday looking for suitable quarters for the location of a permanent sub-station in this city.

The permanent recruiting station is now located at West Point and the department has virtually decided to transfer it to Columbus.

In the event the station is located here Columbus will be the recruiting center for a large territory in this section and all recruits for the Navy will come to this city for examination and final acceptance into the service.

Mr. Price met with fine encouragement while in the city and secured data on office quarters which will be submitted to the central station in Meridian for approval.

Two or more recruiting officers will be permanently located in Columbus when the station is established.

Columbus is the logical trade and business center for all of this section of Mississippi and gradually the various government departments are coming to realize that this city is the proper point from which to direct their activities in this section.

Recently it was decided to establish a branch office of the Internal Revenue Collector here.
